

### **Product Safety Notice in accordance with EU Regulation (EU) 2023/988**

As of December 13, 2024, the new EU General Product Safety Regulation (GPSR – Regulation (EU) 2023/988) is in effect. It replaces the former Directive 2001/95/EC and enhances consumer protection by introducing stricter transparency and safety requirements for manufacturers and retailers.

#### **Exemptions from the regulation:**

Certain product categories are exempt from the obligation to display manufacturer information – including food, plants, books, and products that were first placed on the market before December 13, 2024.

---

#### **Why do I only see the manufacturer's details here?**

Not every product requires additional safety instructions. In many cases, providing the name and contact details of the responsible company is sufficient under the regulation. This ensures that a point of contact is available in case of questions or product recalls.

---

#### **Manufacturer Information**

The following details apply to the products listed below:

PHI Technik für Fenster und Türen GmbH  
Lerchenfeld 5-791459  
Markt Erlbach,
