

**Product Safety Notice in accordance with EU Regulation (EU) 2023/988**

As of December 13, 2024, the new General Product Safety Regulation (GPSR – Regulation (EU) 2023/988) applies across the European Union. It replaces the previous Directive 2001/95/EC and strengthens consumer protection through stricter transparency and safety obligations for manufacturers and retailers.

**Exemptions from the regulation:**

Certain product categories are exempt from the obligation to include manufacturer information – including food, plants, books, as well as products that were first placed on the market before December 13, 2024.

---

**Why do I only see the manufacturer's details here?**

Not every product requires additional safety instructions. In many cases – as stipulated by the regulation – the clear indication of the company responsible for the product is sufficient. This ensures that a point of contact is available in case of questions or product recalls.

---

**Manufacturer Information**

The following information applies to the products listed below:

Pepin  
87 Rue du Fontenoy  
59100 Roubaix  
France  
bonjour@pepinplantcare.com
